RE: Letter of Recommendation  
Synthetic Field Turf Projects

Dear Wyatt,

With the recent completion of the Edina Sports Dome project in Edina, Minnesota I wanted to take a moment and thank the New Look Contracting team for their outstanding efforts on this project, in particular your efforts on the new Braemar Field. From the extensive soil correction required on site to placing the field drainage system along with the below grade storm water infiltration system to the precision placing the granite base under the turf New Look Contracting did an outstanding job. Your work was completed on time per the aggressive construction, you and your team did an excellent job. Thank you again for your efforts on this project and I look forward to working with you and New Look Contracting on future projects.

Respectfully,

A handwritten signature in black ink that reads 'P. Kolas'.

Paul Kolas
